WHAT COLLEAGUES SAY ABOUT US

Our office already had t-shirts produced by dna merch a number of times. When we wanted to give our activists in the local youth committee a hoodie as a thank you, it should not only be made fairly, but also have a great illustration. The design briefing template from dna merch was great and the first suggestion was already a hit with us!

Jana Ramme, IG Metall Gütersloh-Oelde

In addition to jackets and t-shirts, we also had our OJA logo made by dna merch in 2020. The process went smoothly and the result is impressive. We can therefore warmly recommend working with dna.

Tobias Schug, IG Metall Heilbronn-Neckarsulm

We became aware of the graphic design offer from dna merch through a hoodie from IG Metall Youth. We found their design so strong that we wanted something similar for the DGB Jugend Mülheim-Essen-Oberhausen (MEO). The support from the dna team was great and after a first draft that we weren't too happy with, there was a design in the second round that immediately blew us away.

Melise Eren, Deutscher Gewerkschaftsbund MEO

For our volunteer activists, we had fair hoodie jackets made by dna merch. The graphics for it also came from them. A very cool design and a great gift for our active members :-)

Wolfgang Mayer, ver.di Bezirk Pfalz

I have always sought close partnerships and artistically motivated collaborations. People with whom you share a common concern and also inspire each other. I believe working as a group helps to put things in motion, practically and metaphysically.

With dna merch I have found such a partner.
